

PAUL HOLMES À COURT

OWNER AND CEO

Paul Holmes à Court represents the second generation of the Family who have owned and operated Vasse Felix since 1987.

Paul took over General Management of the Estate in 2005 and became the sole owner of Vasse Felix and its parent company, The Heytesbury Group in 2008.

The long-term vision for Vasse Felix is to build a great wine Estate of the world in Margaret River, and under Paul's management, every major operation from vine to bottle and beyond continues to be carefully reviewed, upgraded and evolved. Significant Estate projects during Paul's tenure to date have included:

- The expansion of the Home Vineyard.
- The selection and addition of specialty vineyard sites; Boodjidup and Karridale.
- Revolutionary upgrades to the in-house winemaking and bottling facilities.
- Architectural and interior redevelopment of the Cellar Door and Restaurant.
- Launch of Margaret River's first Blanc de Blancs house; Idée Fixe.

Paul will continue leading all management of Vasse Felix and The Heytesbury Group's other business entities until they are one day taken forward by the next Holmes à Court generation - his young children.
